Select any historical batch from the machine as golden batch and compare the historical data with running batch data directly on charts. REPORTS Fully integrated reporting tool to generate any kind of report on the go.

No Scripting required

Send reports based on Roles to the concerned via E-Mail and other media.

Generate audit trail reports 21 CFR reports on the fly

# Benifits

The costs of not switching over to electronic record-keeping and associated electronic signatures are too great for many in the affected industries to ignore. By switching to electronic solutions, companies expect to benefit in many ways.

- Improved ability for the firm to analyze trends, problems, etc.
- Enhancing internal evaluation and quality control
- Reduced data entry errors, due to automated checks
- Reduced costs of storage space
- Reduced shipping costs for data transmission to FDA
- More efficient FDA reviews and approvals of FDA-regulated products
- Manufacturing processing streamlining
- Increased speed of information exchange
- Product improvement
- Enabling of more advanced searches of information, thus obviating the need for manual paper searches
- Improved process control
- Multiple perspective views of information
- Avoidance of document misfiling from human error
